I grew up on a farm in Melton where I would spend much of my free time helping dad plant and harvest crops, maintain the property and care for our animals. This is where my love of nature began. As an adult I love spending my free time running and riding along the Maribynong River and the Altona or Williamstown beach. I have a passion for adventurous travel. I have trekked the Himalayas in Nepal, Rocky Mountains in Canada, Kokoda in PNG and Mt Kilimanjaro in Tanzania. I have gone on safari in the Serengeti in Africa and trekked in search of the mountain gorillas in Uganda.

I love reading novels and watching movies at the Sun Theatre. My Sunday mornings are spent at Church, reading the paper in cafés and having pancake breakfasts with my beautiful nieces. I really enjoy cooking and find that it's a great way to wind down at the end of a busy day. I love being a teacher. Every day presents an opportunity to be transformative in the life of a young person. It has been the greatest privilege of my life.
