

## things you didn't know about...

*Eva Davoli*

- 1 Backpacked around Europe solo for 6 months and stayed in a monastery in Siena.
- 2 Was in my high school musical every year and played in rock & metal bands.
- 3 Went to India for my sister's wedding.
- 4 Worked at a summer camp in the USA and studied at the University of Florida (go Gators!)
- 5 Was picked on Deal or No Deal with my nonna.
- 6 I play on a (pretty average!) basketball team.

I was raised in a big Italian household in the western suburbs of Melbourne with my mum, older sister, two grandparents, uncle, aunty and dog up until the age of 14. After my sister got married, my mum and I moved all the way... to down the road. So, my life is pretty much every episode of Everybody Loves Raymond. I love the community in which I live and work - I feel like there is no other place on earth that is as multicultural and welcoming.

In my spare time, I enjoy reading novels and biographies, cooking, learning new things (right now it's salsa), playing guitar, cycling, spending time with my niece, and catching up with friends. I also love perusing the world map and daydreaming about where I'd like to visit next, as immersing myself in new cultures is a great passion of mine.

I worked really hard when I did my VCE and found myself in a law degree at University, however ended up changing to a Bachelor of Arts/Education. It was the best decision I've ever made as I feel like I'm in my element when I'm working with young people to achieve their best. There is never a dull moment!

LIFE TO THE FULL
