

things you didn't know about...

Kate Macpherson

- 1 She has 3 older brothers, 4 nephews and 1 niece.
- 2 She was a driver for the Australian Open Tennis for several years – her favourite passenger was Andre Agassi.
- 3 She loves to travel and explore the world with Thailand as one of her favourite countries.
- 4 She has a passion for photography.
- 5 When she was five she was attacked by a dog and received 50 stitches on her head – but she still loves them!
- 6 She loves music, especially live music gigs with blues and soul a favourite (but she can't sing or play a musical instrument!).

I grew up in Strathmore as the youngest and only girl, so I basically did everything my brothers did. As a family we were always exploring the state in our caravan before finally settling on regular holidays in Torquay. My brothers were involved in Scouts and I became a Girl Guide, so we were always hands on and in the outdoors.

To relax and unwind I love to read, listen to music, watch the tennis, footy or cricket and hang out with my husband and fur baby, my cat. My most memorable holiday was exploring the history of music from Chicago to Memphis, through the Mississippi Delta to New Orleans and on to Cuba. It was an adventure I will treasure forever!

I come from a long line of teachers and knew I wanted to either be a teacher or a nurse. I worked in primary schools for a number of years but have found my calling working with secondary students – I love it! It was my work in primary schools that has helped lead me to where I am and I am so privileged to now work across both campuses and with so many students and their families.

LIFE TO THE FULL
