I grew up in what was considered your typical family, with my parents and three brothers, and have had a love of nature and the outdoors for as long as I can remember. Whether it's for a couple of hours or a couple of days, I love taking a break from the hustle and bustle of life and heading out for a hike. I've hiked in some gorgeous surrounds, in places like Cradle Mountain, The Great South West Walk, Kata Tjuta, Kings Canyon National Park, Wilsons Promontory and the Great Ocean Walk.

During my time at school I loved learning new things and by VCE I knew that education was something I had to pursue. I went to university in Ballarat where I studied my bachelor's degree. Although challenging at times (esp. in the winter time) I couldn't think of a career that is more rewarding than educating our next generation and continuing to learn new things with them along the way.
